Subject: RE: (Video Conf Availability) Cat Canyon DRAFT Aquifer Exemption

Hello George,

Sorry I wasn't able to get back to you right away.

The hard copy of that Cat Canyon document can be downloaded at the link below:

https://app.smartsheet.com/b/download/att/a_oBUpOeGMSb8EXTD0Ot35-cecrCHGrqEHlgvz3Yp4

ERG is still working on the tracking spreadsheet – hopefully it should be available when we do the VC.

I've checked with our IT guy and he told me the content sharing was not available with different VC systems, so having the content on both sides would be best. WE can also do email to exchange while we have the VC.

I'd like either the 5th or the 6th – there's a chance I might travel right after Labor day.

Best regards,

Jerry Salera

Subject: (Video Conf Availability) Cat Canyon DRAFT Aquifer Exemption

Hi Jerry,

Per my voice mail message, these are the available days for us to schedule a Video Conf. (they are all open for the mornings because our video support from Research Triangle Park out east has that 3-hour time zone difference).

Sept. 4th

Sept. 5th

Sept. 6th

I received the hard copy but do not have the electronic version. It would help if we can have the electronic copy to share if it is available.

Our video person will work with your specialist to coordinate all the District terminals that you will link. One thing that we might need them is to use powerpoint to display on the screen. Of course, an alternative is to have email opened up at a separate computer during the video conf. We can talk about that too.

Please let me know which date is best for you all.

George

Hello George,

Just wanted to check with you whether you got the hard copy and if you've had the chance to take a look. I'd like to start to the agency and public review process if you think the document is ok and substantially complete. I'm still waiting for Michele Ricker to send me the Tracking spreadsheet.

Best regards,

Jerry
